

An International workshop on “Magnetic nanoparticles: Characterisation and Applications” 20th August 2015

University of Central Lancashire, Preston, PR1 2HE

University Director of Research, Prof. Robert Walsh opening the event

Jessica Oliver, Summer intern in Dr Sen's group and final year MChem Chemistry student is presenting a Bouquet

Dr Yogita Patil-Sen is presenting a memento

An International workshop on “Magnetic nanoparticles: Characterisation and Applications”

20th August 2015

University of Central Lancashire, Preston, PR1 2HE

Dr Tapas Sen, Co-ordinator of the UKIERI project and conference chair introducing the speakers

Prof. Akintola Akintoye presenting the research strategy for the College of Science & Technology

Dr Stewart Eyres, Head of the School of Physical Sciences and Computing presenting the research strategy for the school

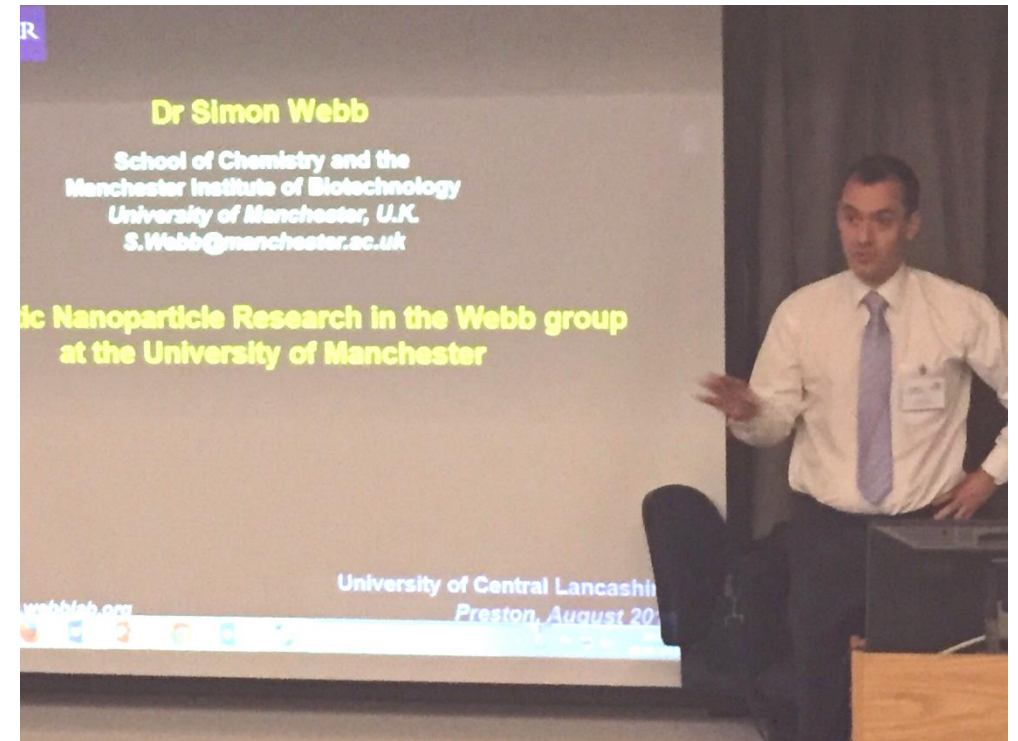

An International workshop on “Magnetic nanoparticles: Characterisation and Applications”

20th August 2015

University of Central Lancashire, Preston, PR1 2HE

Prof. Thanh Nguyen
Royal Institution of Great Britain
University College London, UK

Dr Simon Webb, Research Director,
Chemistry and Biomedical Science
University of Manchester

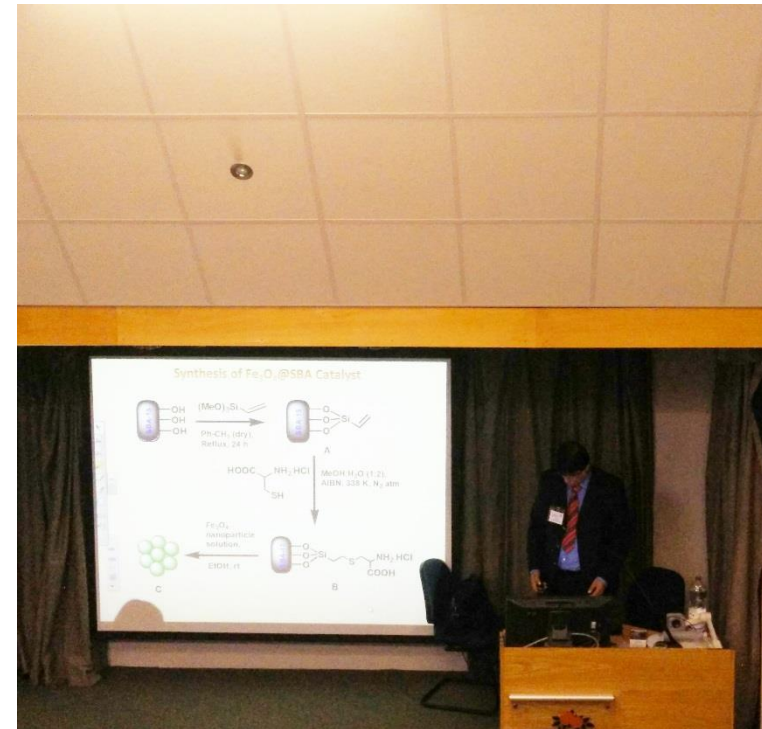

An International workshop on “Magnetic nanoparticles: Characterisation and Applications”

20th August 2015

University of Central Lancashire, Preston, PR1 2HE

Dr Tapas Sen
University of Central Lancashire, UK

Prof. Asim Bhaumik
IACS, Kolkata, India

An International workshop on “Magnetic nanoparticles: Characterisation and Applications”

20th August 2015

University of Central Lancashire, Preston, PR1 2HE

Prof. Ian James Bruce
University of Kent, UK

Dr Debratata Rautaray
Tata Chemicals Ltd., India
